

PHOSPHATE-FREE BRINES AND PREPARATIONS

Index	Name	General characteristic	Dose	Character
ARNEF-40003	ARNI-FRESH	A preparation for maintaining freshness and extending the shelf life of a product.	2-4 G/kg of WEIGHT	POWDER
ARN-90011	ARNI-KUTER C	A preparation that activates meat proteins to bind water and stabilizes color and texture.	5-10 G/KG GOTOWEGO WYROBU	POWDER
ARN-90015	ARNISOL-30BF	Phosphate-free brine preparation for use in the meat industry. Increase level up to 30%	6KG/100L SOLANKI	POWDER
ARN-90034	BOCZEK WIEJSKI	Phosphate-free functional preparation for use in the meat industry. For PREMIUM smoked meats (clean label). Growth level up to 20%	5,5 KG/100L SOLANKI	POWDER
ARN-60002	EMULPRO	Emulsifier and emulsion stabilizer based on mono- and diglycerides of fatty acids and their salts.	3-5 G/kg of WEIGHT	POWDER
RES-15001	FRESH	A preparation for maintaining freshness and extending the shelf life of a product.	1-3 G/kg of WEIGHT	POWDER
ARN-90043	INJECT 20-NS	Phosphate-free functional preparation for use in the meat industry. Growth rate up to 20%	6-8 KG/100L SOLANKI	POWDER
CON-60001	PREPARAT ZAGĘSZCZAJĄCY DO PARÓWEK	Thickener for meat fillings based on starch and fibre.	6 G/kg of WEIGHT	POWDER
ARN SKRPL	SKROBIA PLUS ARN	A preparation for thickening stuffing based on starch and hydrocolloids.	10-13 G/kg of WEIGHT	POWDER
ARN-13002	SKRUSZACZ	A preparation that loosens meat tissue and stabilizes the microbiological standard of the product.	0,5-2 G/kg of WEIGHT	POWDER
RES-40002	SZYNKA WIEJSKA	Phosphate-free functional preparation for use in the meat industry. For PREMIUM smoked meats (clean label). Growth level up to 20%	5,5 KG/100L SOLANKI	POWDER
